

BURGER BITCH

Best burgers in town because...

• Our burger patties are made from 100% free-range Simmentaler beef, raised and grazed on herb twined grass in the Austrian Alps. We use the best cuts of beef to make our burgers the juiciest possible!

• Our bun is a classic American brioche, made exclusively for us to our own special recipe. The creamy taste of pure dairy butter in the brioche greatly enriches the juiciness of our burgers.

• We make our own sauce: The Bitch Sauce! The recipe is secret, but what we can tell you is that it's packed full of fresh herbs!

• Even our pickles are made to our own recipe, and are seasoned with pepper, garlic, tarragon and dill.

• We use only sliced romaine lettuce on our burgers to ensure you enjoy the delicious 'bite' that only this type of lettuce provides.

• Our bacon is made from lean pork belly. Salted, dried and naturally smoked in a time-honored tradition. After being sliced, these thin cuts of bacon are grilled slice by slice for maximum taste!

• Our Cheddar is not just processed cheese. No! It's a real English cheddar that has been matured for 14 months. And you can taste it!
